Marty-

Attached is information about a training for applying the Lean process to RCRA Corrective Action. I know we have discussed using this process for remedy selection at the Clean Harbors Wichita site, so I wanted to make you aware of this training for EPA, States, Facilities and their consultants.

Unfortunately, I have a conflict and will not be able to attend this training event; however, if you are interested, please register or let me know if you have any questions.

Attendance at this meeting is not required for us to apply the Lean concept to the Wichita site.

**Subject:** Registration Open for the July 22nd All States Meeting/FIRST Toolbox Training

We will be hosting the Region 7 RCRA Corrective Action All States Meeting on Wednesday, July 22<sup>nd</sup> in the Regional Office – conference room 1.C-F20. We will provide training on the Facility Investigation Remedy Selection Track (FIRST) Toolbox. This event will bring together Corrective Action Project Managers from EPA Region 7 and our State Partners. We are also encouraging our Corrective Action facilities and their consultants to participate. Please extend this invitation to your EPA lead corrective action projects that have not yet achieved remedy construction by forwarding this email to both facility representatives and consultants.

We are requesting that everyone register for the event – please use the following link –

<http://www.trainex.org/Reg7CAASM>

The attached flyer provides more details. A detailed agenda will be emailed out as we get closer to July 22<sup>nd</sup>. Please contact me if you have any questions.

Thanks,

Don Lininger, CHMM

# RCRA

## 22 JULY 2015

# RCRA CORRECTIVE ACTION ALL STATES MEETING

## FACILITY INVESTIGATION REMEDY SELECTION TRACK (FIRST) TOOLBOX TRAINING

Here in Region 7 we want to streamline the corrective action process. We believe the FIRST toolbox can meet the following objectives: streamline the corrective action process, eliminating unnecessary processes while achieving the efficiency that everyone is looking for.

This will be the first event in years bringing EPA and state program & project managers, facility representatives and consultants together to train and talk about the FIRST toolbox and corrective action objectives and goals.

## WE HAVE THE TOOLS YOU NEED

<http://www.trainex.org/offeringlist.cfm?courseid=1614&all=yes>

To register please visit the link above, once registered you will receive a map detailing visitor parking. Please remember to show up early with a photo ID to clear security.
